LSA '01 East

I have been involved with recreational and competitive soccer with the Oldham County Youth Soccer Association since 1982. I have been successful in winning or coming in second in several tournaments, both at the recreational and competitive levels since that time.

I have recently accepted a position as an Assistant Coach with the U11 boys for the Louisville Alliance Soccer Club. I also have acted in the Assistant capacity with a U14 boys team and a U14 girls team, also for the Louisville Alliance Soccer Club in 2009 & 2010. My goal is to coach a U12 to U14 girls team with LSA/LSC.

I began my soccer coaching with the Oldham County Youth Soccer Association around 1982 and have coached as Coach Cy Tucker's Assistant with the South Oldham High School until the fall of 2011. As an Assistant Coach with the Varsity Program, I have assisted in winning many District and Regional Titles and 6 State Championships. (19 years)

My coaching philosophy is that all players should have fun and enjoy the sport of soccer. Many players already know that they will not be good enough for High School Soccer and that they will not play for a College or National team when they progress in the sport. I believe that these players should still receive the same quality of coaching that a club can give them and for these same players to continue with their enjoyment in this sport. I believe that when a player should lose interest in soccer, a coach should accept some of the responsibility for them to feel this way.

I presently hold a USSF "D" coaching license and am currently certified in First Aid and CPR. At present, my main goal is to assist in bringing LSA/LSC's Soccer program to a higher competitive level.
